## Happy New Year Everyone!

Happy new year and welcome back to school! We hope that you have all had a lovely Christmas break and we send all of our families our very best wishes for 2019!

We hope that this year is a successful one for us all and ask that you support staff and the children by ensuring that the children attend every school single day, complete their homework each week and read with you each day as this will really help them to perform well in their end of term and end of year assessments too. As always, staff are available at the beginning and end of the day in the yards to speak to you if you have any questions or concerns.

This week in school is culture week and as part of this the children in each class will be studying a different culture from around the world. This will be exciting for them as they learn about the history, geography, food, stories, art and celebrations of a range of cultures. As part of this, each class in school invites you to join them at 2.30pm on Friday 11th January to look at the work produced by the children. Your child will talk you through their learning and you will be able to look at their books and talk to them about what they have learned and experienced as part of this study. We hope that you can join us in class!

I also wanted to give you advanced notice of some important dates for this term.

11th January 2019—culture week sharing of work in classes

16th January 2019 - Great Britain Athlete in school

12th & 14th February—parents evenings

15th February—Talent show and break up for half term

# Calling all parents....

Willow Fields Primary School is very proud to announce that we are hosting some TRIPLE P parenting sessions in school on Friday 25th January, Friday 1st February and Friday 8th February 2019 between 1.15pm and 2.15pm.

These sessions usually have a long waiting list but we have managed to organise 3 seminars in our school to support parents with the TRICKIER aspect of being a parent.

Come along and listen to parenting experts talk about their own experiences as well as sharing with you their TOP TIPS for dealing with parenting concerns and issues!

These sessions are run by Together For Children's Early Help specialists and won't require you to complete activities, answer questions or join in. Just sit back, listen and if you want further advice or information just ask at the end of the session in private! Feel free to bring a friend or relative too as we have space for 100 people!

So if you need strategies for dealing with toddler tantrums, moody pre-teens or if you just want to go shopping without any problems - then pop to the office asap and sign up with Meagan Phillips and come along! It would be lovely to see you!!!!
