

Early Bird

Which is the smallest number?

49 or 34

Partition this number:

38

Write the fact family.

10	
	9

How much money?

Solve these:

$17-5=$

$11+5=$

$11-5=$

How many vertices?

Early Bird

Which is the smallest number?

46 or 64

Partition this number:

72

Write the fact family.

10	
	6

How much money?

Solve these:

$17-6=$

$11+6=$

$11-6=$

How many vertices?

Early Bird

Which is the smallest number?

36 or 63

Partition this number:

19

Write the fact family.

8	2

How much money?

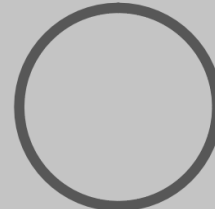

Solve these:

$17-7=$

$11+7=$

$11-7=$

How many vertices?

Early Bird

Which is the smallest number?

45 or 54

Partition this number:

64

Write the fact family.

9	1

How much money?

Solve these:

$17-8=$

$11+8=$

$11-8=$

How many vertices?

Early Bird

Which is the smallest number?

67 or 76

Partition this number:

91

Write the fact family.

10	
7	

How much money?

Solve these:

$17-9=$

$11+9=$

$11-9=$

How many vertices?
