

Write the number.

17

Order these numbers.

17 15 18 16

Write the fact family.

Which is shortest?

A

B

C

Solve these:

$8-2=$

$6-3=$

$4-2=$

How many vertices?

Write the number.

12

Order these numbers.

11 13 10 12

Write the fact family.

Which is shortest?

A

B

C

Solve these:

$9-2=$

$7-3=$

$8-2=$

How many vertices?

Write the number.

20

Order these numbers.

19 17 20 18

Which is shortest?

A

B

C

Solve these:

$$6-3=$$

$$8-4=$$

$$5-5=$$

Write the fact family.

How many vertices?

Write the number.

13

Order these numbers.

16 18 19 17

Which is shortest?

A

B

C

Solve these:

$$10-3=$$

$$10-4=$$

$$10-5=$$

Write the fact family.

How many vertices?

Write the number.

15

Order these numbers.

9 12 13 11 10

Write the fact family.

Which is shortest?

A

B

C

Solve these:

$$8-3=$$

$$9-4=$$

$$6-5=$$

How many vertices?
